-	09085	Scale Cover, 10-10

IMPORTANT Mechanical Scales:

The replacement parts listed are available from RCBS. Other replacement parts that do not affect the actual weighing capability of the scale are also available. Check with RCBS Customer Service for availability. If the scale has a broken beam, fails to "zero", fails to weigh accurately or fails to repeat, the entire scale must be returned to Ohaus Product Service Dept. for repair or replacement. DO NOT return the scale to RCBS. Call RCBS Customer Service for a Return Authorization number and shipping instructions.

POWDER ACCESSORIES

90400 RC 130 MECHANICAL SCALE

Key	Part #	Description
1	189005	Pan & Hanger Assembly

NOTE: Only the part listed is available. If other parts require replacement, contact RCBS Customer Service for further information.

98999 POWDERMASTER ELECTRONIC POWDER DISPENSER

10	09604	Lock Ring, 1/4 - 28

IMPORTANT

Expander-Decapping Rods, Decapping Rods, Expander Balls and Decapping Pin Holders are no longer available separately. If any of these fail, order a replacement Expander-Decapping Unit or Decapping Unit as shown in the tables on pages 21 through 23. With the exceptions listed below, all new RCBS "Precision" Sizer Dies use a #90164 Headed Decapping Pin.

Caliber	Decapping Pin #
.22 PPC	09608
6mm PPC	09608
7mm Thompson/Center Ugalde	09609
.35 Whelen	09609
.358 Winchester/.356 Winchester	09609
.416 Remington Magnum	09609

Note: Regular Decapping Pins for older RCBS Sizer Dies will remain available. Use the chart below to order replacements.
 .22 - .25 Caliber 09608
 6.5mm - .45 Caliber 09609

Important: Expander-Decapping Units, Decapping Units and all Decapping Pins are available through RCBS Distributors and Dealers. All other replacement parts should be ordered from RCBS Customer Service (1-800-533-5000).

RCBS Shell Holder numbers do not correspond to those of other manufacturers. When two Shell Holder numbers are listed, the most popular is shown first. It may be necessary to use the alternate, depending on the manufacturer and/or lot of cases being used. The numerals in () in the table indicate the following: (2) cases are usually Berdan primed. Depriming and priming must be done by hand. If cases were formed from cases having boxer-type primers, use the appropriate Shell Holder for that caliber. (3) Special Rotary Case Trimmer Collet and/or Pilot required. Write for information. (4) Not available. (5) Auto 4x4 Shell Plate not available. (6) Auto 4 x 4 Shell Plate not available. The letter codes in the Ammo Box Size column indicate the following: SR = Small Rifle, MR = Medium Rifle, LR = Large Rifle, MP = Medium Pistol, LP = Large Pistol.
